We recommend you arrive at each ride early in the session to avoid disappointment as our staff may be required to cut queues in order to open the next session of rides on time.

We are not permitted to operate the Family Kart & Scorpion Kart rides if the tracks are wet. If the tracks do close, an announcement will be made over the public address system when they re-open.

The rides located within Kidz Kingdom are not fully staffed during mid-week\*. Please approach our ride attendants in this area as they will happily move between the rides as required.

If you have any questions please ask one of our friendly staff who are always happy to help out.
